

BASHIR HAMID

VFX ARTIST

917.703.9203 bhamid@gmail.com

OBJECTIVE To create entertaining and engaging material for broadcast, music videos, film and game cinematics.

RECENT PROJECTS

VH1 Metal Month

aired April 12 2006

LiveShot CG Supervisor

UVPH

- created mixer CG plates for live camera matching of green-screen elements to 3D previs scene.
- organized and managed track marker placement to ensure 3D integration.
- advised and assisted director on creative approaches through previs animations.

Lead 3D Animator

- managed a team to rotoscope, treat and animate elements while ensuring assets were organized.
- modeled and textured shots as well as inspected all 3D shots before render submission.
- utilized RealFlow and XSI dynamics for lava and destruction effects.
- assisted in compositing workflow and ensured consistency of render passes.

AlJazeera International

launching May 2006

Designer

UVPH

- designed boards for 2 conceptual driven logo animation: Spirit & Handmade.
- assisted other designers in understanding and deciphering arabic text in logo.

Lead Animator

- textured, lit, modeled and rigged logo to allow for flexible animation.
- simulated logo as water, paint, and cloth with RealFlow and SyFlex.
- managed and comped 3D passes to achieve boards.

Work not available on demo reel pending channel launch
